

Highlights - Production Performance

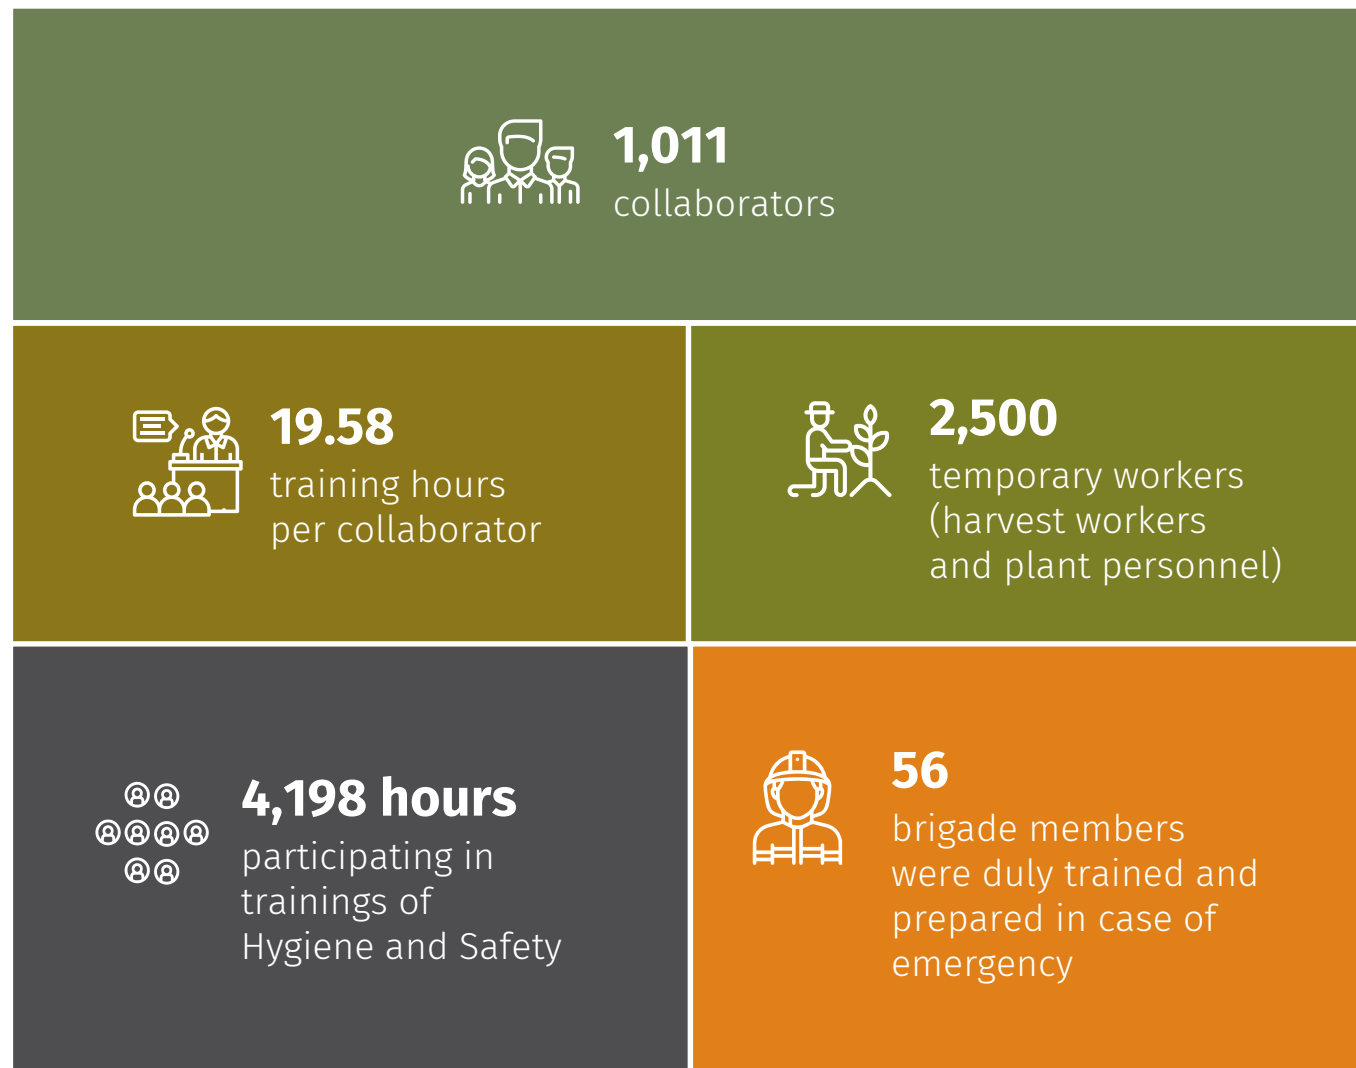

Citrusvil	Agriculture and Livestock Farming	Nueces de Catamarca	El Pucará
 <p>5,103 hectares Citrusvil's net productive hectares</p>	 <p>29,000 hectares of agricultural production at Viluco</p>	 <p>215 hectares of Nueces de Catamarca's production</p>	 <p>1,200 hectares of sugar cane production at El Pucará</p>
 <p>275,000 tons of lemons were produced and harvested</p>	 <p>49,443 hectares under livestock farming at Engordar</p>	 <p>326 tons of Chandler walnuts</p>	 <p>85,000 tons of sugar cane were harvested</p>
 <p>296,865 tons of lemons were processed</p>	 <p>23,740 head of cattle in the pastoral system</p>		
	 <p>10,200 breeding cows in the breeding system</p>		

Highlights - Environmental Performance

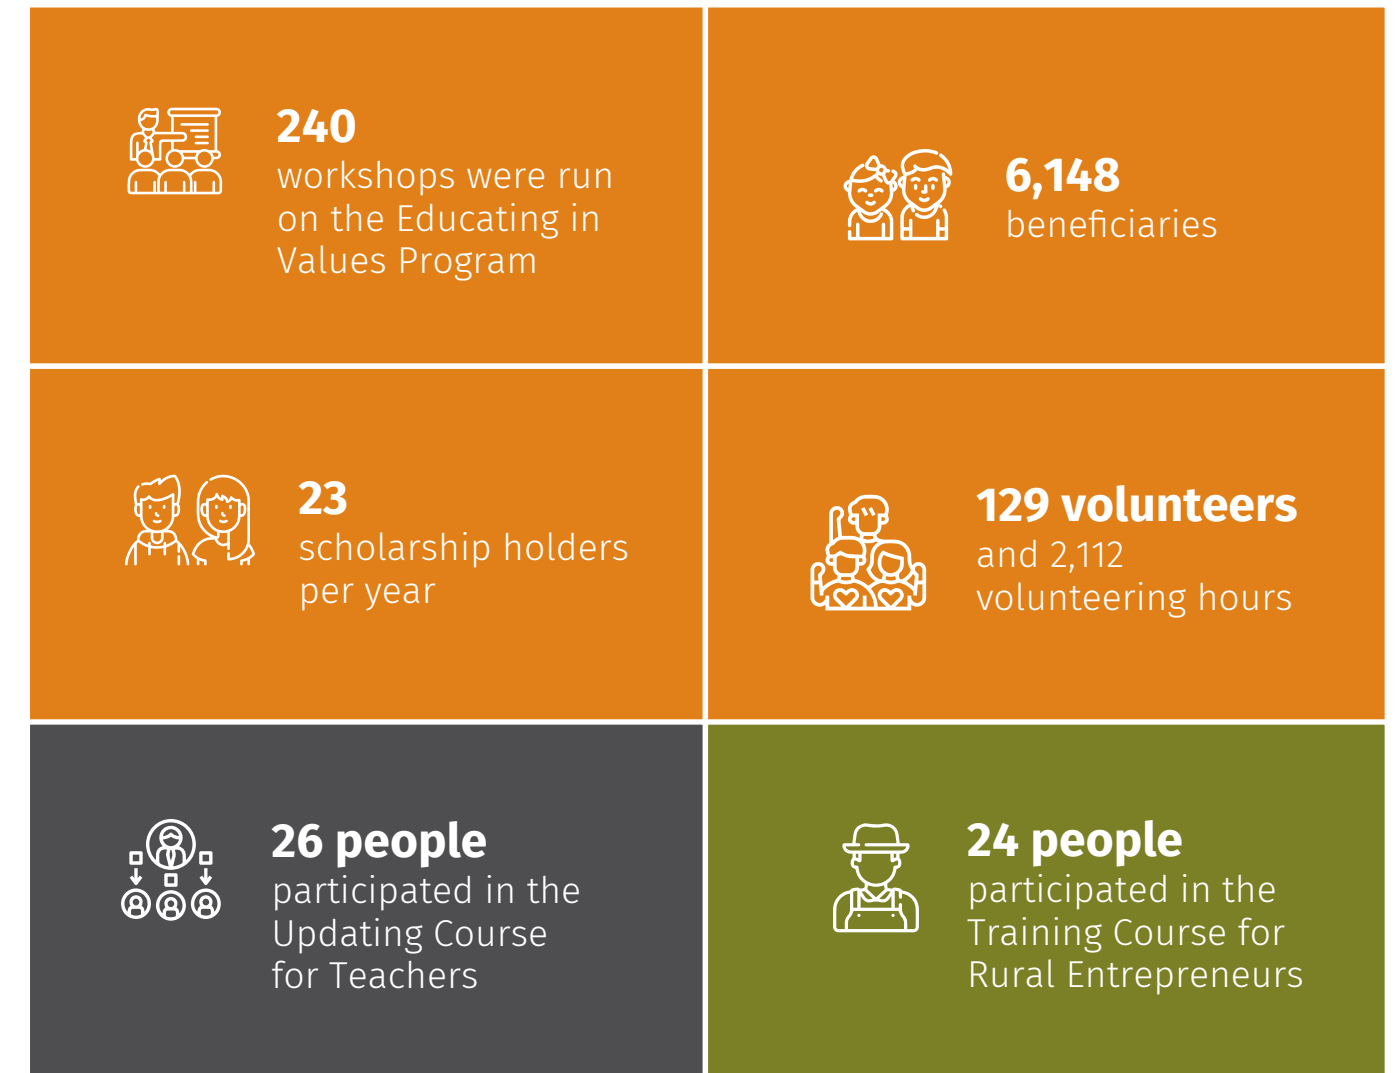

Rational Use of Water	Energy Efficiency	Circular Economy	Biodiversity Conservation
 <p>10% reduction in our water footprint</p>	 <p>10,739 MWh MWh of renewable energy was generated from lemon effluents</p>	 <p>We are Zero Effluent</p>	 <p>5,744 hectares of native forest were preserved</p>
 <p>6.5% reduction in water consumption per ton of processed fruit</p>	 <p>21.5% of our energy matrix comes from renewable (wind) sources</p>	 <p>86,241 tons of CO2 were sequestered by our lemon plantations</p>	 <p>115 bird species and 14 mammals were monitored in our forests</p>
 <p>600 hectares of citrus fruits were fertigated with treated water resulted from our effluents</p>	 <p>Reduction consumption per ton of processed fruit ↓5% Electric energy. ↓2% Natural gas.</p>	 <p>88% of the waste generated was recycled</p>	 <p>Over 60% of carbon fixation in our native forests in comparison with other Yungas forests</p>
	 <p>7% reduction CO2 equivalent emissions per ton of lemon juice</p>	 <p>1,781 tons of compost were produced from organic solid waste</p>	 <p>Pollination 19 bee hotels which are home to at least 4 species of pollinators were installed in our orchards</p>

Highlights - Social Performance

Inside the company

In the community

Highlights - Governance

100%

of our collaborators received the Code of Ethics and took part in the Integrity Program

40%

increase in the number of audits conducted to contractors, which reduce the risk of labour informality and prevent child labour

There were no cases of corruption reported

302

audits were conducted and they fully complied with the Annual Plan
