

5S National Award: Citrusvil Received the “Silver Award”

We received the 5S National Award in the category “Great Organizations” for our 5S methodology implementation at Citrusvil.

The 5S methodology is implemented in all Grupo Lucci's operations in a cross-sectional manner.

A tidy and neat place is a safe place. This award encourages us to keep working towards a 5S culture.

All the progress achieved in the methodology implementation is related to:

- » Order and cleanliness at workplaces.
- » Machines, equipment and tools classification.
- » Waste disposal and segregation.
- » Better use of workplaces.
- » Responsible use of resources.
