

# 2022 AmCham Corporate Citizenship Award

We were granted the 2022 Corporate Citizenship Award by AmCham in the Sustainable Production and Products Special Category of the Environment General Category.

The Corporate Citizenship Award was created by the American Chamber of Commerce in Argentina (AmCham) 24 years ago to recognize and spread private social investment initiatives.

During these years, the Award consolidated a space for sustainable management recognition in order to award, nowadays, the strengthening of this management model based on initiatives and themes.

In short, it brings the best corporate sustainability practices and triple impact businesses to the fore and give them relevance. It aims at promoting sustainability in Argentina, which is conceived as key for the development of the country.

### **We received this award due to our actions aimed at:**

- » Improving production processes in terms of sustainability.
- » Analyzing the life cycle of a product.
- » Generating products that incorporate sustainability criteria.
- » Using natural resources efficiently.
- » Incorporating ways of eliminating toxic waste, recycling and using post-consumer products.
